

# STRATOS 476SF

#### BOARDING LADDER

This handy retractable boarding ladder features a skid-resistant surface and dual handles to help ensure easy access in and out of the water.

#### PLUSH SEATING

The cockpit and back bench seating is plush and comfortable enough for everyone aboard to enjoy long cruising sessions just as much as long fishing sessions.

#### TROLLING MOTOR

When you've found your spot and the angling's on, the 40-pound Minn Kota trolling motor is geared for optimum power.

Sometimes it seems like being a boater means having to wave goodbye to the majority of your bank account. Stratos feels you're pain, no doubt, because not only is the new 476SF a fishing boat versatile enough to tackle water sports and family cruising, but it delivers it all for less than \$20,000.

Boasting a 93-inch beam and maxing out at 115 horsepower, this 17.5-foot fisher packs more room and power than you'd ever imagine. Comfortable pedestal helm seats are positioned behind the walk-through windshield to provide a great driving experience, and the bench seat in the back seats three passengers in total comfort.

For water sports there's plenty of ski storage between pedestal seats, but when it's fishing time, the 476 really shines. A 40-pound Minn Kota trolling motor and an aerated livewell are great included features. And those pedestal seats can be mounted for front and rear fishing positions. If you've been looking for the ideal recreational boat, here's a design the whole family will enjoy.

#### EXTRA POINTS

- Humminbird PiranhaMax 215 electronics at the console
- Adjustable cockpit seating means more legroom.
- Additional bench seating in bow

#### VITAL STATS
